iUniverse. Paperback. Book Condition: New. Paperback. 228 pages. Dimensions: 8.8in. x 6.0in. x 0.7in. Imagine the effects of a single magical spotlight that could illuminate a complex work of art from different angles at the same time: the usual strong shadows would disappear and details of forms, colors and textures that could not be seen before would be revealed. This book is like such a magical spotlight. Aimed at the work of art that you are, it will help you see yourself and the world around you from a profoundly different perspective. It is a spotlight that will make you see the painting of your life with more clarity than you ever thought possible. It will help you acquire a better understanding of your Being in the context of the cosmic consciousness of the universe, and of the magic of the eternal present moment. In these still early manifestations of the Age of Aquarius, new ways of thinking are emerging, old thought patterns are being challenged, and new energies are being felt. The positive energy contained in certain words is here for you, in the pages of this book, a rosary of peace and initiation. You are part of this rosary. Read it little by little. Reflect upon its words and its teaching. Catch its radiant light. Before long, if you are ready deep inside, it will change your life. (from the books Foreword) This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
