Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Seeking a resurgence of joy in life by enhancing liberty, Dr. Adrian Early addresses head on, a solution to the divisive, timely, and historically timeless issue of wealth inequality. Sharing; Joy, Liberty is Volume One in a trilogy dedicated to showing the historical context, fundamental values, and long-term economic benefits of that solution; sharing among stock and bond accounts, the growing productive assets of today. This approach, outlined originally in agricultural form in ancient sacred writings, is one all can embrace, regardless of politics or orientation. Indeed the simple answer does not require art or excellence in politics or power at all, being instead based on the more forgiving and liberating science of economics. Drawing insights from throughout the history of humankind and the sentiments of widely diverse public figures, this emerges as an amazingly universal answer to an issue that has plagued and enticed politicians and the public alike, all without requiring immediate disruption of current systems. The needed sea change reforms will happen naturally, once set in motion, as citizens realize they no longer require central control to be Ok. It happens naturally within the market system that has been so effective for centuries in lifting multitudes out of poverty. Restoring, and creating new, inner and outer peace throughout the world seems a daunting task, but surprisingly is shown as one we can tackle as a network of people, united in harmony. May your life be increasingly filled with joy and choice, or liberty, through practical deployment of this wisdom of the ages applied in community between you and many others.
